Please draw your idea. You may use the area provided on back of this sheet or you may attach an additional sheet. Don't forget to make sure the message – **that the storm drains lead to the rivers**- is communicated. You may tailor your design based on one of the locations below or choose to do a more general design that could apply to any storm drain. If you are tailoring your design please let us know which location you had in mind.

The locations will be: *(photos of the drains can be viewed at [www.jamesriverbasin.com](http://www.jamesriverbasin.com) . )*

**Jordan Creek Watershed:**

Drury- O'Reilly Events Center

Boonville in front of the Greene County Justice Center (This is a large 2-drain location)

Central St. West of Boonville – City Parking Lot

Commercial Street – Corner of Boonville & Commercial

Commercial Street – Corner of Robberson & Commercial

**Galloway Creek Watershed:**

Glendale High School circle drive

One additional request is that in the design you **include the words "love your water" in any form, function, or fashion of your choosing.**

We have had the privilege of working with the artist community for many years and have always been delighted by the wonderful response from the artists and the community. Having the storm drains completed on time is of critical importance to the success of this project. We hope to provide a fun & informative experience to the community with your help. This important outreach event and fundraiser is dependent upon the volunteer efforts of our supportive & vibrant local art community. We appreciate your willingness and ability to meet all deadlines. Thank you so much.

Art must be tasteful and original. The art can extend onto the sidewalk, the vertical face of the curb, and out onto the street (as the storm drain location allows) but please keep the art from extending more than 4 feet in any one direction from the storm drain. **Please include the storm drain into your drawing** so we can see the way in which the art is in connection to the storm drain. Feel free to attach any reference photos or swatches if you find it would be helpful including other pieces that you have created.

Checklist for design:

Communicates the message that the storm drain leads to the river.

Drawing includes the storm drain or a way we can understand the relation the drawing has spatially to the storm drain.

Includes the words "Love Your Water" in any form function or fashion
